

Solutions

Introduction to Marty Python

LESSON 3.1

Some ideas for things that Marty can do

Try writing down some things that you think Marty will be able to do
- we've added one idea to help you out!

LESSON 3.2

What do you think the following commands will do?

MYMARTY.HELLO()

Marty stands straight and resets all joints

MYMARTY.WALK()

Marty takes 2 steps forwards

MYMARTY.CELEBRATE()

Marty should do a wiggle movement

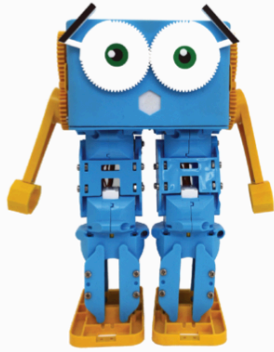

What makes good documentation?

- Clear instructions
- Images
- Example scenarios
- Clear layout that isn't cluttered
- Not too text heavy

LESSON 3.3

Quiz from presentation –

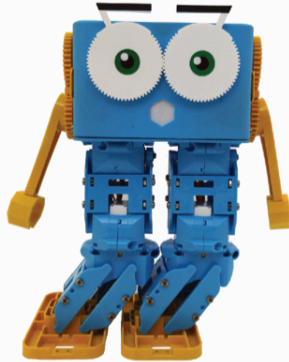

Marty Says...

Excited Eyes

- A) `marty.lean('left',200,1500)`
- B) `marty.walk(5)`
- C) `marty.eyes(-90,100)`

Marty Says...

Lean Left

- A) `marty.move_joint(3,10,1500)`
- B) `marty.lean('left',100,1500)`
- C) `marty.eyes(90,100)`
